"We are humbled but extremely proud to receive these awards" said Mr Mojalefa Nale, CEO of the NWDC.

"The NWDC continuously strives to improve in all areas and to make a difference in the North West Province and empower its people. These awards show we are on the right track. However this could not have been achieved without the support of the people of the Province, our Board, Management and employees. The contribution made by our staff is commendable. Without them, we would not have received these awards," Nale concluded.
