## COMPANY FEATURE: MONGAE GM t/a LERATO BOTTLE STORE

Situated within the Lehurutshe Shopping Complex is Lerato Bottle Store, a 100% black women owned business.

Owner Malebo Mongae has been a tenant at the Lehurutshe Shopping Complex for 21 years and contributes her successful sales to hard work and commitment.

Elaborating on the above, Malebo proudly indicates that on a good day, Lerato Bottle store sells approximately 375 crates of beer, which is a commendable feat considering its rural location.

This well-stocked bottle store does not have to stand back for their town-based competitors. Alcoholic beverages, ranging from beers to gins and brandy are sold here. Well-known brands such as Heineken, Castle Lager, and Budweiser etc. can also be found on the shelves.

Malebo does not intend becoming complacent. She dreams of becoming a distributor and expanding, already having made enquiries about possibly renting the shop next door.

A Point of Sale system and a forklift are also on her wish list in order to offer better service to her clients.
